NCG Website Homepage Selector | NCG Website Design Toolkit

This Homepage Recommendation is based on the requirements of the **NCG Website Homepage Selector** and the information you provided about your institution.

It gives you a preview of what your institution's homepage could look and feel like. The recommended color palette, sections and overall visual style are based on your institution's scale, the amount of digital content available, and your preferred colour style.

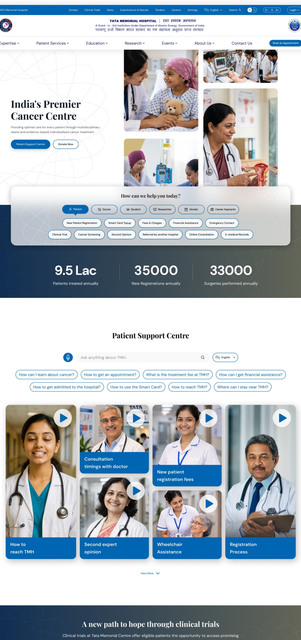

The preview is shown on a desktop screen. The recommended design is responsive and will also adapt to mobile screens.

Disclaimer. The images, text and sections shown in this preview are examples and have not been customised for your institution. You can use the **NCG Website Design Toolkit** to customise the content, sections and images to suit your institution's needs.

DIRECTOR'S MESSAGE

Dr. C S Pramesh

Tata Memorial Centre is amongst the oldest and largest cancer centres in the world, with over 80 years of exceptional patient care, high-quality training and innovative cancer research. Over the years, it has grown in size and stature, maintaining its pre-eminent position at the forefront of national and global cancer control efforts.

Compassionate patient care remains the major focus of Tata Memorial Centre, with eleven Disease Management Groups (or multidisciplinary teams) breaking departmental silos and providing optimal care for every patient. This emphasis on team leadership leverages the extensive experience and expertise of various specialities, thereby providing patients with evidence-based, yet individualised care, tailored not just to the cancer but also the patient's unique physical, emotional and psychosocial needs.
