DIRECTOR'S MESSAGE

Dr. C S Pramesh

Tata Memorial Centre is amongst the oldest and largest cancer centres in the world, with over 80 years of exceptional patient care, high-quality training and innovative cancer research. Over the years, it has grown in size and stature, maintaining its pre-eminent position at the forefront of national and global cancer control efforts.

Compassionate patient care remains the major focus of Tata Memorial Centre, with eleven Disease Management Groups (or multidisciplinary teams) breaking departmental silos and providing optimal care for every patient. This emphasis on team approach leverages the extensive experience and expertise of various specialists, thereby providing patients with evidence-based, yet individualized care, tailored not just to the cancer but also the patient's unique physical, emotional and psychosocial needs.
